5. URGES Member States to swiftly implement the Anti-Money Laundering (AML) package⁶, aiming for implementation before the end of 2016, AGREES TO regularly take stock of the progress at its meetings and UNDERLINES that the targeted amendments to the 4th AMLD should not interfere with its current transposition;

⁴ Directive 2007/64/EC of the European Parliament and of the Council of 13 November 2007 on payment services in the internal market

⁵ Regulation 1889/2005 of the European Parliament and of the Council of 26 October 2005 on controls of cash entering or leaving the Community

⁶ 4th AMLD and Regulation (EU) 2015/847 of the European Parliament and of the Council of 20 May 2015 on information accompanying transfers of funds

6. **COMMITTS TO** intensify the work on further improving the cooperation and the exchange of information between Member States' FIUs, notably through:

- sharing of best practices with regard to exchange of information in view of effective and consistent implementation of the respective provisions of the 4th AMLD in the course of the ongoing work on its transposition;
- encouraging FIUs to accelerate their mapping exercise, and, depending on the results of this exercise, **INVITES** the Commission to consider appropriate measures to tackle any obstacles to effective cooperation and information exchange;

8. **CALLS** for the immediate establishment with the assistance of the EEAS/the Commission, in any case no later than 1 May 2016, of an EU-platform, where possible making use of existing infrastructure and information tools, to allow Member States to share on a voluntary basis publicly available information on persons and entities with regard to whom individual Member States have imposed a terrorism-related asset freeze under Member States' national legislation pursuant to UNSC Resolution 1373 (2001);

9. INVITES the Commission to prioritise in the supranational risk assessment under the 4th AMLD terrorist financing risks that appear operationally relevant whilst taking into account relevant work and information from international organisations and standard setters in the field of AML/CFT such as the FATF, and CALLS ON the Commission to share with Member States the relevant preliminary findings of this assessment on a regular basis, and at least every six months, starting as of September 2016 and before the deadline of 26 June 2017;
10.
